Service Description
"Sunshine Harvester Primary School is a state of the art, 21st century learning hub. The school opened its doors for students at 9:00 am on the 9th September 2009 (09/09/2009), a lucky number in many cultures. We provide an outstanding learning environment for the residents of the Sunshine and Braybrook local areas, with many students coming from other neighbouring suburbs to attend. Sunshine Harvester Primary School has three set values that are reinforced throughout the school community: Respect: The way
we speak to each other and the way we do things together shows that we are all important.
style="text-decoration: underline;">Responsibility: The way we are trustworthy and reliable to complete a task and we take care of problems.
underline;">Learning: The way we strive to learn something new every day, contribute to discussions and discover with our friends. At Sunshine Harvester Primary School we are committed to providing a stimulating and fun environment for every student to realise their full potential – academically, socially and physically. Our open plan flexible learning spaces provide an opportunity for your child to learn in a dedicated and caring environment. All of our teachers work together in teams to ensure that each child is equipped with the skills to reach their optimum in the future. Our Fitness First program is extremely successful; with students eager to attend school each day to participate. The program promotes the students understanding of healthy lifestyle choices and the importance of exercise. Our Kindergarten/Prep School Readiness program helps to give those children who are to attend our school next year the additional skills that assist them in being better prepared to begin to learn literacy and have successful oral language skills. Sunshine Harvester Primary School’s aim is to provide your child with the foundation of the most important skills needed in their future. Some of these include: A lifelong attitude to learning Effective oral and electronic communication skills Thinking creatively Fostering the ability to work independently and in teams Developing tolerance and compassion towards all in our society Making healthy choices for a healthy lifestyle Being resilient to change The Primary years of your child’s learning are the most essential of their lives. This why I believe a school like Sunshine Harvester Primary is important to your child’s future. I invite you to contact our friendly staff to make an appointment to visit our school and to see our unique learning environment for yourself. I believe you will be impressed. Thank you for your interest in our school.   Yours sincerely, Paul Griffin Principal"All information was obtained from
