Service Description
The Rainbow Network is proudly supported by Gay and Lesbian Health Victoria, and is delivered in partnership with the Department of Health funded HEY Project.   The Rainbow Network provides opportunities for members to: • Exchange ideas, information and resources; • Discuss issues that may emerge when working with young people, their families, schools and community agencies; • Hear from guest speakers about the latest research, government initiatives or community information; • Advocate for same sex attracted, intersex, trans* and gender diverse young people; • Develop partnerships between agencies and schools aimed at empowering young people to participate in decision making and community development; and • Plan and develop activities for same sex attracted, intersex, trans* and gender diverse young people; and • Engage in same sex attracted, intersex, Trans* and gender diverse youth-led activities and initiatives.
