Service Description

Sunshine Special Developmental School caters for children with complex needs (moderate to severe intellectual disability). The school has a one to one iPad program to enable students to have greater independence in their learning, increased ability to communicate with others and to engage in a classroom environment that can be tailored to their individual needs as a learner. The school is committed to the communication application Proloquo2go. Please click [here](http://www.ssds.vic.edu.au/) to access the Sunshine Special Developmental School website.
