Service Description

The Hester Hornbrook Academy, formerly Melbourne Academy, is an Independent school run by Melbourne City Mission. It was established to provide supportive, flexible education to reconnect young people with schooling, which is often the most important step in getting them back on track. Building on the evidence of what works, we provide both social and education supports to help people achieve their goals. Our Hester Hornbrook Academy classrooms focus on training towards both a VCAL and VET certificate. We deliver education from a range of classrooms each having a specific focus. We also provide an outreach education model. At Sunshine, students can study Intermediate and Senior VCAL as well as having the opportunity to undertake a Certificate II in Community Services. The Sunshine space is in the Visy Cares Hub, a youth hub that houses a number of youth support services.
